Mangrove Division North Konkan.

DETAILED ADVERTISEMENT FOR CONTRACTUAL ENGAGEMENT OF VETERINARY DOCTOR (01 POST)

Transit & Treatment Centre (TTC), Airoli – Thane Creek Flamingo Sanctuary (TCFS), Airoli.

Mangrove Division – North Konkan (MDNK), under the Mangrove Cell, Mumbai, is responsible for the conservation, protection, scientific management, and rehabilitation of mangrove and marine ecosystems and associated wildlife. The Division operates a Transit & Treatment Centre (TTC) at Airoli for the rescue, treatment, and rehabilitation of fauna found in mangrove, wetland, estuarine, and coastal areas.

Applications are invited from qualified and experienced candidates for **one (01) post of Veterinary Doctor** on a Contractual/Honorarium basis (Full-time/Part-time - as decided by the Competent Authority)(11 Months), subject to the following terms and conditions.

1. Name of the Post: Veterinary Doctor – 01 No.

2. Place of Posting: Marine Bird/Mammals Rescue & Treatment Centre (TTC), Airoli, Navi Mumbai

3. Animals Typically Handled at TTC: Veterinary Doctor will work with species commonly occurring in mangrove and marine ecosystems, including:

- Flamingos (Greater & Lesser)
- Marine turtles.
- Aviary fauna such as herons, egrets, gulls, cormorants, raptors, and other wetland birds.
- Marine mammals including dolphins (in rescue/rehabilitation cases).
- Golden jackals (if encountered).
- Other mangrove-associated and marine fauna.

Applicants must be willing and able to handle sensitive, injured, and distressed wildlife under supervised conditions.

4. Essential Educational Qualifications:

- Bachelor of Veterinary Science & Animal Husbandry (BVSc & AH) MVSC preferred from a recognized university.
- Registration: Valid registration with State / Central Veterinary Council (mandatory).

5. Desired Experience:

- Experience in wildlife / marine turtle medicine will be preferred. Experience with birds, reptiles, marine wildlife, and small carnivores is desirable.
- Fresh graduates with demonstrated interest in wildlife conservation may also apply.

6. Key Responsibilities:

- Clinical examination, triage, treatment and rehabilitation of rescued sea turtles.
- Medical management of trauma, buoyancy disorders, infections and debilitation.
- Supervision of nursing care, feeding protocols and rehabilitation plans.
- Maintenance of medical records, treatment sheets and release fitness reports.
- Training and guidance to wildlife handlers on safe handling and biosecurity.
- Coordination with Forest Department and other concerned authorities.
- Participation in rescue, release and documentation activities as required.
- Any additional duties assigned by the RFO/ACF/DFO.

7. Contractual Period: 11 months, extendable based on performance and administrative approval.

8. Remuneration: INR 50,000 per month (including travelling allowance).

9. Age Limit: 22 Years to 35 Years

10. Selection Procedure:

- Screening of applications
- Personal interview and/or practical skill assessment
- Document verification

Final selection will be subject to approval of the competent authority.

11. General Conditions:

- The engagement is purely contractual and does not confer any right to claim permanent service in the Mangrove Cell or Government of Maharashtra.
- Incomplete applications will be rejected.
- DFO, MDNK reserves the right to modify or cancel the advertisement without assigning any reason.
- Selected candidates must comply with all rules, instructions, and safety guidelines issued by DFO, MDNK.

HOW TO APPLY

Eligible candidates shall submit the **Application Proforma** along with self-attested copies of:

- Educational certificates (like Copy of Veterinary Council Registration)
- Experience certificates
- Age proof
- ID proof
- One recent passport-size photograph
- Brief statement of interest in wildlife / marine conservation

Applications shall be addressed to:

Office of Divisional Forest Officer,
Mangrove Division - North Konkan,
Abhimaan - II, 05th Floor, Teen Hath Naka,
Naupada, Thane west – 400 602.
